**Bargaining Update**

We are scheduled to meet again with the Company at 9:00 a.m. next Thursday, July 6 at which time we will present the Company with a comprehensive counterproposal. Our meeting this past Wednesday was productive; we expect next Thursday's meeting will be productive as well.

**Election Update**

The *Middletown Journal* reported on its front page today that we failed to meet the filing deadline for briefs to the NLRB, Region 9. **This is not true.** In fact, our brief was filed on time with the NLRB.
